CLAIMANT:

[REDACTED]

CLAIMANT APPEARANCES:

DETS APPEARANCES:

None

CASE HISTORY

The claimant timely appealed a May 22, 2025 redetermination which denied benefits under AS 23.20.378 and 8 AAC 85.350-351. The issue is whether the claimant met the registration requirements to be considered available for full-time work.

FINDINGS OF FACT

On April 26, 2025, the claimant established a claim for unemployment insurance benefits effective April 20, 2025. The claimant was advised during the online application process of the requirement to register for work and post a résumé on the Division's AlaskaJobs website within seven days or benefits would be denied.

After he completed his claim application, the claimant immediately attempted to log in to his account on the Division's website to post his résumé. The claimant was unable to log in, and he requested assistance through the website. When the claimant was assisted by a representative to log into his account, the claimant was advised that his previous résumé had been deleted and he had to start over to create a new résumé. The claimant was still unable to log in to his account after he was verbally instructed how to log in. The claimant requested assistance from the Division and called for help multiple times, contacting the Division about four times a week during the period under review. On May 20, 2025, the claimant searched on the internet for assistance posting his résumé on the Division's website, and he was able to post his résumé that day following steps he found posted online.

PROVISIONS OF LAW

AS 23.20.378 provides, in part:

- (a) An insured worker is entitled to receive waiting-week credit or benefits for a week of unemployment if for that week the insured worker is able to work and available for suitable work....

8 AAC 85.350 provides, in part:

- (b) A claimant is considered available for suitable work for a week if the claimant
 - (1) registers for work as required under 8 AAC 85.351;
 - (2) makes independent efforts to find work as directed under 8 AAC 85.352 and 8 AAC 85.355;
 - (3) meets the requirements of 8 AAC 85.353 during periods of travel;
 - (4) meets the requirements of 8 AAC 85.356 while in training;
 - (5) is willing to accept and perform suitable work which the claimant does not have good cause to refuse;
 - (6) is available, for at least five working days in the week to respond promptly to an offer of suitable work; and

8 AAC 85.351 provides:

- (a) a claimant who files a claim for benefits in a state that acts as agent in taking claims for benefits held by this state shall register for work in accordance with the statutes, regulations, and procedures of the state in which the claim is filed.
- (b) a claimant who files for benefits in this state shall register for work as required by AS 23.20 and this section. An active placement registration for work in this state means the claimant has registered with the labor exchange system operated by the division and has posted an online resume that is available for employers and division staff to match with available jobs. A claimant shall register for work
 - (1) in person or by mail at the employment service office of the division that is nearest the claimant's residence;
 - (3) by telephone, if permitted by the director; or
 - (4) by electronic means at the department's website.
- (c) The director shall find that a claimant is not available for work for any week ending before completion of a placement registration for work. To be considered available for work from the date of the initial claim, a claimant must complete a placement registration within seven days after filing the initial claim. If the placement

registration is not completed within seven days, the claimant is considered available for work the week the placement registration is completed.

- (g) The director may defer registration for work for a claimant who is
 - (1) temporarily unemployed with a definite date to return to full-time work within 45 days after the date the claimant files the initial claim;
 - (2) unemployed due to a labor dispute;
 - (3) traveling immediately following the filing of the initial claim, for the purpose of relocating outside of this state; upon arrival in the new area of residence, the claimant shall register for work as required in (a) of this section;
 - (5) normally hired through a trade union, if the union furnishes information when requested by the director to verify the claimant's current membership and eligibility for dispatch;
 - (8) under an approved waiver of availability under AS 23.20.378 or AS 23.20.382.
- (i) If the director does not require the claimant to have a placement registration, the director shall inform the claimant that the placement registration requirement has been deferred and advise the claimant of available employment services.

CONCLUSION

Alaska Statute 23.20.378 requires that a claimant be able to work and available for work in a week in order to be eligible for benefits for a week of unemployment. Regulation 8 AAC 85.351 provides that to be considered available for work, a claimant must register and post a résumé on the Division's labor exchange system (AlaskaJobs) website be matched with available jobs. If the résumé is not posted online within seven days, the claimant is considered available for work the week the résumé is posted online.

The claimant's testimony was straightforward and credible. The claimant began attempting to post his résumé on the Division's AlaskaJobs website immediately after he established his claim. The claimant made diligent efforts to get assistance and to comply with the registration requirements. The claimant posted his résumé on May 20, 2025 after searching for assistance on the internet.

In Ward Com. Dec. No. 06 1433, September 27, 2006:

The Commissioner held a credible claimant complied with ALEXsys registration requirements and was allowed benefits where "The claimant could not recall if, when he created his first résumé, the program advised him that the résumé had been saved to ALEXsys. His testimony during the hearing was straightforward and confident. We believe that he did in fact prepare his

résumé as instructed and for some unknown reason it was not saved properly to ALEXsys."

In Ward, the Commissioner refers to the Division's work registration website as ALEXsys, however the Division currently uses a website referred to as "AlaskaJobs" to meet the registration requirements of regulation 8 AAC 85.351.

The Appeal Tribunal holds the claimant in this case met registration requirements as soon as could reasonably be expected. The claimant was available for work during the period under review.
